

Employees' Retirement Plan Annual Report 2010

KDL
Kent District Library
www.kdl.org

Dear Reader:

Kent District Library maintains a defined benefit pension plan known collectively as the Kent District Library Employees' Retirement Plan. Each year, this plan undergoes review as the Board of Trustees, fund managers, and consultants monitor its performance to ensure future expenses can be met through contributions and investments. This summary is made available to the membership as an annual report on the health of the plan. This report, along with minutes from our Pension Board meetings, are posted on our website at <http://www.kdl.org/about/go/pension>. By visiting the site, retirees and employees can stay informed regarding the status of the plan. Should you have any questions, feel free to e-mail me directly at bmortimore@kdl.org.

Best Regards,

Brian L. Mortimore, SPHR
KDL HR Director and Pension Plan Administrator

Member Trustee Changes

This past year saw a change to the list of Plan Trustees. Trustee Carol Simpson completed two years as a Plan Trustee and departed the Pension Board. We express our gratitude to Carol for her service and dedication to the KDL Employees' Retirement Plan. The KDL Board appointed Trustee Scott E. Petersen to fill her vacancy on the Pension Board. Scott maintains one of two seats held by KDL Board members, the other is currently held by Chairman Charles Myers.

In 2010, plan participants re-elected General Accountant Sharon Harrington and elected Circulation Assistant Antoinette (Toni) Harrington to serve as Trustees on the Pension Board. Their term runs through 2013. Adult Librarian Anthony (Tony) Senna did not seek re-election after three years of service on the Pension Board. The Board approved a resolution at its November 2010 meeting expressing appreciation for Tony's commitment and service to the KDL Employees' Retirement Plan.

One member of the public is also appointed to the Pension Board. This role is currently filled by retired City of Grand Rapids Pension Plan Administrator Henry T. Vry. In 2010, the KDL Board of Trustees reappointed Mr. Vry to the Pension Board for a three-year term running through 2013.

Non-voting members of the Board include by position: Interim Library Director Cheryl Garrison and Human Resources Director/Pension Plan Administrator Brian Mortimore.

The Trustees convene a minimum of once per quarter to review investment performance, plan expenses, and to make decisions which support the plan's goal of providing retirement benefits for the retirees of Kent District Library.

A Note from the Pension Trustees

As Trustees of the Kent District Library Employees' Retirement System, we are proud to serve the members of the Retirement Plan. The Plan was established when KDL became a district library independent of the County, and this Board was created to provide administrative oversight of the Plan.

The Board is composed of both appointed and elected members. Each trustee participates in ongoing educational and instructional sessions to stay current with the many legal requirements of institutional investing, and to ensure the Plan's objectives are met.

We realize the popular press regularly shares stories of troubled organizations that have not fully funded their pension plans. As our audit and actuarial reports show, KDL's Plan is fully funded to meet the benefit needs of current and future retirees.

Our Board meetings primarily focus on dialogue and planning to ensure that our investment strategy will reach its goals. To assist us in our decision making process, we receive advice and guidance from professional consultants. Our meetings are open to all, so we would like to take this opportunity to invite each of you to attend.

We believe your pension benefit is the most important long term benefit of your employment. We want you to understand your options and have the best retirement possible, so please feel free to ask us any questions you may have.

Warmest Regards,
The Trustees of the KDL Employees' Retirement Plan

Summary Report of Plan Operations and Expenses

The accounting firm of Hungerford, Aldrin, Nichols and Carter, PC completed its audit of KDL's pension plan in the spring of 2010. Management believes, and actuarial studies concur, that the plan is in a solid financial position to meet its future obligations.

Revenue sources include employer contributions, member contributions, and earnings on investments. Contributions and investment income for the fiscal year ended December 31, 2009 totaled \$5,993,885.

The primary expenses of the plan include the payment of pension benefits to members and beneficiaries, refunds of contributions, and plan administration. Total deductions, including investment management fees, for the fiscal year ended December 31, 2009 were \$566,122; of this, payments for retirement benefits were \$457,403, an increase of \$99,172 from 2008. As of January 1, 2010, KDL had fifty-eight (58) retirees and twenty-one (21) deferred retirees. Meanwhile, there were 261 active members (i.e., those who are enrolled in the plan, actively working at KDL, and not yet receiving retirement benefits). Approximately 19% of active members are eligible to retire immediately or within the next 24 months.

The plan's net assets as of January 1, 2010 were \$29,867,650. When considered against the plan's actuarial valuation and future needs, it was recognized by the auditors that the plan is funded at a 105% funding ratio meaning it has 5% more assets than liabilities; this is a reduction of 2% compared to the previous year. The plan continues to be in good financial condition in accordance with its objectives.

Staying Connected

Whether you are an active employee, a deferred retiree, or an active retiree, please inform the KDL Human Resources Department of changes to beneficiaries or general contact information. KDL remains reachable at:

KDL

Fax: 616-647-3818

A Note for Active Employee Members

We would like to take this opportunity to remind the active employee members of an important responsibility upon termination of your employment with KDL. If you should leave prior to being eligible for retirement, but are in fact vested in the Plan, you will be placed on deferred status (meaning your pension benefit will be deferred until you are eligible at age 62 and complete the application for retirement benefits). If you are in deferred status and approaching the age for normal retirement (i.e., 62), you must complete and submit an application for retirement benefits to the KDL Human Resources Department at least 30 days prior to your 62nd birthday. Note that you can begin to collect your KDL pension at age 62 even if you are working elsewhere. Failure to apply will result in the loss of benefits for each month that passes without the ability to receive retroactive payments. It is important to note that your pension benefit does not grow when you are in deferred status like it does under social security.

Employees interested in reviewing the minutes from the Pension Board meetings are welcome to visit the Pension Board page on the KDL website at www.kdl.org/about/go/pension.
