Commemorative Bricks

$50.00

Make your mark on the new library with an engraved commemorative brick that will become a permanent part of the paths surrounding the peaceful reading gardens and flowerbeds.

With up to 13 characters per line, and up to three lines, you will be able to show the community your support for this much needed building project. You can have the name of a loved one, a company name or family name engraved on a brick.

In addition, there will be a special site for commemorative bricks for veterans or current military personnel in the area around the flagpole in front of our stately new building.

Order beginning May 19, 2007

Make checks payable to:
