STRATEGIC PLAN
The process to develop KDL’s new strategic plan began with nine staff members and two board members meeting over a 15-month time period. The strategic service priorities were developed by taking into account information gleaned from the demographic data study and in-depth public opinion and patron surveys commissioned in 2013. The plan was presented to staff during a variety of meetings, with managers and workgroups developing specific activities related to the strategic priorities. Each department developed goals toward living the values identified by the planning process. Public response was overwhelmingly positive during three public forums held in May 2014.

KDL’s Strategic Plan emphasizes connecting people to the services they need and value. The plan is simple, flexible, memorable and embraced by KDL staff. Success is measured in part by determining whether customers achieve their desired outcome through using the library. Ultimately, KDL demonstrates the positive impact of library service in our communities.

JUSTIFICATIONS FOR
2015 ANNUAL GIVING FUND BUDGET

This narrative explains the changes in the 2015 budget compared to 2014. If the change in line items is $1,000 or remains the same from 2014 to 2015, no explanation is provided.

REVENUES

1. Other Grants - Increase by $17,000, 94.4%.
   The increase reflects anticipated revenues from local community foundations and corporate grants.

2. Donations - Decrease by $59,000, 70.2%.
   In previous years Sponsorships were counted as donation revenues. Going forward Donations and Sponsorships will be recorded separately, accounting for the decrease in forecasted donation revenues and increase in sponsorship revenues.

3. Sponsorships - Increase by $50,000, 100%
   See Donation explanation above.

EXPENDITURES

4. Meetings & Honorariums - Increase by $26,200, 524%.

   This reflects monies set aside to support the Kent District Library’s Endowment fund.

   The decrease reflects the completion of the Imagination Station initiative. Maintenance of the Imagination Stations, as well as, KDLville is included in the 2015 budget. * Property Taxes = Property Tax plus Payment In Lieu of Taxes (DNR land)
** Materials Budget as a percentage of revenue is: 2015 - 20.0% 2016 - 2024 estimated at 15%
A The $875,000 shortfall is for a capital project, a new ILS (Integrated Library System). The funds are coming from Fund Balance - Committed for ILS
This overview covers two millage periods. The 10-year millage that was passed in 2004 and a second 10-year millage passed in 2014. The first millage at the rate of 0.88 mills spans the years 2004-2013 and is collected and counted as revenue for the years 2005-2014; the new millage at the rate of 1.28 mills spans the years 2014-2023 and will be collected and counted as revenue for the years 2015-2024. This report covers the millage periods; past, present and future. The intention of this report is to provide structure and context to the current millage period.

REVENUES

1. **Property Taxes** – The percent of change in taxable value levied as revenue for the period from 2005 to 2015 is: 2005 = 4.89%, 2006 = 5.71%, 2007 = 6.20%, 2008 = 5.45%, 2009 = 2.01%, 2010 = 0.34%, 2011 = (3.8%), 2012 = (2.4%) 2013 = (2.28%) 2014 = (0.07%), 2015 = 1.63% with the Levy pending approval. The taxable value has declined significantly in the last few years, in 2014 that trend began to reverse. Kent County’s SEV (State Equalized Value), like Taxable value, had experienced year over year growth until 2008 when it fell to (0.17%), dropping to a low in 2010 of (5.18%) and finally improving in 2014 to 2.95%. The improvement in SEV in 2014 equated to an increase in the value of all property in the county by $618 million. It is believed that the change is due to an improving economy and a drop in mortgage rates.

In 2014, real property taxes (recorded as income in 2015) increased by 1.63%. Factoring into projected property tax revenues is the approval of a millage increase of 0.40 mills, making the total millage rate for the district 1.28 mills. The property tax forecast includes estimates for the loss of revenues due to PPT (Personal Property Tax) and various authorities; DDA (Downtown Development Authority), LDFA (Local Development Finance Authority), CIA (Corridor Improvement Authority) and Brownfield Redevelopment Authority. It also considers any additions to property tax revenues like delinquent taxes. Property tax refunds (Michigan Tax Tribunal orders) have not reduced the expected revenues. Property tax refunds are recorded as expenditures and can be found under the category, Operating Expenses. The 2015 tax projection has not been reduced by the Headlee Amendment. In 2015, property taxes will provide 92.5% of KDL’s revenues.

2. **Other Revenues** – Other Revenues make up 7.5% of the library’s income in 2015. They include: State Aid, Other Grants, Book Replacement Fees, Book Sale Revenue, Printing / Copier Fees, Penal Fines, Overdue Fines, Lease – What’s Next Database, Miscellaneous Income and Interest Earned on Property Taxes, Investment and Operating cash. Other Revenues have declined to date due to the loss of State Revenue Sharing and State Property Tax Reimbursement for Renaissance Zones. State Aid is forecasted to remain the same in 2015. The Penal Fines increased by 9.7% due to increased revenue performance in the last few years. It is projected to remain the same for the remainder of the millage period. No significant changes are forecast for Book Replacement Fees (lost books), Printing Fees and Book Sale Revenues. There were only nominal changes in
terms of dollars in Miscellaneous Income, Lease-What’s Next Database and Investment Income. Fines and Forfeitures have been reduced 24.5% reflecting a change in overdue charges for DVD’s bringing them in line with other charges. It also reflects increasing use of eMaterials which do not become overdue. Future projections indicate further reductions in Fine and Forfeiture revenues, ending with eventual cessation of that revenue source. ERate Funding appears as a revenue source in 2016 and continues throughout the millage projection.

EXPENDITURES

3. **Salaries & Wages** — Salary and Wage projections include market increases, as well as increases in Health Insurance, Life Insurance, Workers Compensation, Unemployment Insurance, employer contribution to FICA, employer contribution to the Defined Benefit, 457 and 401 plans. The average for the period from 2005 to 2014 is 66% of total expenditures. The average projected for the period from 2015-2024 is 62.9%.

4. **Materials** — The materials budget is comprised of books, magazines, CDs, DVDs, and audio recordings. It also includes online materials such as databases, audio books, ebooks, music, movies and magazine subscriptions. Projected materials expenditures for 2015 is 20.1% of revenues. Projections for the remainder of the millage period are at 15%, meeting the criteria for the Michigan Library Association’s QSAC (Quality Service Audit Checklist) requirements. Average percentage of purchased Collection Materials to Revenue for the past millage period was 14.6%. Current millage, 2015-2024 indicates an average of 15.5%.

5. **Operating Expenses** — This category is comprised of the following accounts: Printing and Binding, Postage, Supplies, Professional Services, Membership and Subscriptions, Meetings and Honorariums, Service Contracts, Other Contractual, OCLC License (Sky River), Voice Communication (Telephone), Mileage, Advertising, Utilities, Repair and Maintenance, Printer/Copiers, Training, Insurance, Programming, Branch Maintenance Fees, Michigan Tax Tribunals (tax refunds), Office Equipment & Furniture and Capital Lease and IPA (Initial Purchase Agreement) Principal. Operating expenses averaged 13.4% of all expenditures for the millage period from 2005 - 2014. The current millage period, 2015-2024, shows an average of 14.3%. The change is due to projected increases in cost over time.

6. **Technology** — The items that make up this grouping are: items relating to Technology infrastructure, Integrated Library System, Data Communications, Repair and Maintenance of computers. In 2005, the Technology line included capital initiatives. In 2008, capital initiatives were moved to the Capital Fund. In 2011, the Capital Fund returned to the Operating account as Fund Balance Committed - Capital Projects. Technology expenses moved in response to initiatives and budget constraints. Toward the end of the millage period, 2005-2014 infrastructure needs were put on hold because of
falling revenues. Technology expenses for the millage period, 2005-2014, averaged 5.8% of all expenditures. The average for technology expenditures during the period between 2015 and 2024 are projected be 7.3%.

**Excess Revenues Over Expenditures** — The Library's first 10 year millage concluded in 2014. In the first five years (2005-2009), the Library experienced a growth in revenues. During the next four years (2010 - 2013), revenues declined. A turnaround in property taxes began in 2014 with a 0.8% increase. The second 10 millage was renewed at 0.88 mills along with an increase of 0.40 mills, making total millage for library services 1.28 mills.

**COMMITTED FUND BALANCES:** Monies set aside for a specific purpose as determined by a formal action of the Library Board.

7. **Committed Fund Balance for ILS** — In 2011, the KDL Board began setting aside funds for a new ILS (Integrated Library System). By the end of 2014, $875,000 had been allocated for this purpose. In 2015, a new ILS system will be purchased bringing the amount in this fund balance to zero.

8. **Committed Fund Balance - Capital Projects** — In 2010, monies from the Capital Fund, a standalone fund, were transferred to the Operating Fund. The purpose of the Committed Fund Balance - Capital Projects is to provide funding for the construction or reconstruction of an asset that provides long-term value to the library. At year end, the Committed Fund Balance - Capital Projects will be $32,300.
